INTRODUCTION

TENANG KOMUNITI SDN BHD

Tenang Komuniti Sdn Bhd is a information technology education and cybersecurity solutions provider established in 2022, headquartered in Selangor. Through PARC Academy, we deliver industry-aligned training in Linux Systems, Software Development, Network Infrastructure and Cyber Security.

We provide comprehensive cybersecurity solutions including Penetration Testing, Adversarial Testing, and Security Posture Assessment, alongside DevOps & Infrastructure Services encompassing containerization, cloud automation, and systems management.

Our philosophy *"We came with knowledge, we saw with the specialist, we conquer with technology"* reflects our commitment to empowering organizations through transformative technology solutions and expertise.
